

Voluntary Report – Voluntary - Public Distribution

Date: April 27, 2022

Report Number: TW2022-0022

Report Name: Taiwan Publishes Updated MRL Lists

Country: Taiwan

Post: Taipei

Report Category: Fresh Fruit, Livestock and Products, WTO Notifications, Sanitary/Phytosanitary/Food Safety, Vegetables, Grain and Feed

Prepared By: Erik Syngle

Approved By: Erik Syngle

Report Highlights:

On April 19, 2022, Taiwan notified the WTO of updates to its pesticide residue limits for foods and animal products. Attached to this report are tables containing the new or revised standards for 58 new chemical/crop combinations and 31 new chemical/animal combinations.

General Information:

On April 19, 2022, Taiwan notified the WTO of updates to its pesticide residue limits in foods (plant products) and animal products. ([G/SPS/N/TPKM/579/Add.1](#)) The notification is the final announcement for a draft notice submitted to the WTO on December 1, 2021.

The lists contain maximum residue limits (MRLs) for 58 new chemical/crop combinations and 31 new chemical/animal product combinations, as well as 16 deleted chemical/animal product combinations.

Attached to this report are the complete MRL tables for both categories.
