

**Voluntary Report** – Voluntary - Public Distribution

**Date:** January 05, 2024

**Report Number:** TW2024-0001

**Report Name:** Taiwan Reduces Market Access for US Seafood Products

**Country:** Taiwan

**Post:** Taipei

**Report Category:** Fishery Products, Trade Policy Monitoring, Sanitary/Phytosanitary/Food Safety

**Prepared By:** Erik Syngle

**Approved By:** Erik Syngle

**Report Highlights:**

Effective January 1, 2024, Taiwan reduced the number of U.S. seafood products eligible for export to Taiwan. The change reduces the number of eligible seafood HS codes from 65 to 55. The ten product codes removed had no exports recorded since at least January 2023. This report contains full details of the announcement.

## General Information

Effective January 1, 2024, Taiwan's Food and Drug Administration (TFDA) reduced the number of U.S. seafood products eligible for export to Taiwan. The change reduces the number of eligible seafood HS codes from 65 to 55. The ten product codes removed had no exports recorded since at least January 2023.

The list of codes deleted by TFDA is as follows:

HS Code	Description
0302.89.89.92.2	Other seawater fish, fresh or chilled
0303.59.90.20.1	Marlins, sailfishes, spearfish, frozen
0303.63.00.00.8	Cod, frozen
0303.66.00.00.5	Hake, frozen
0305.20.20.90.5	Other roes and milt, dried, smoked, salted or in brine
0306.39.90.90.8	Other crustaceans, live
1604.14.10.20.6	Tunas, whole or in pieces, but not minced, prepared or preserved, canned
1604.20.30.90.9	Other prepared or preserved surimi
1605.51.90.10.4	oysters, prepared or preserved, frozen
1605.56.90.20.7	Other clams, cockles and arkshells, prepared or preserved, canned

TFDA annually reviews import records from trading partners that have not completed a system equivalence application for seafood products and at its discretion can delete inactive HS codes.

The complete announcement from TFDA can be [found here](#) (Chinese only).
